## About Simpliaxis

Simpliaxis excels in delivering personalized corporate training solutions that cater to enterprise teams seeking to enhance their employees' job-specific skills. Our comprehensive programs, offered live virtual instruction-based training sessions, are led by certified trainers specializing in refining your learning journey.

This empowers your teams to not only meet industry standards but surpass them. We prioritize a hands-on approach that involves tool-based learning, guided instruction, progress tracking, and precise grading. Our strength lies in tailoring the curriculum to align with your team's and company's requirements. With a diverse pool of consultants boasting cross-industry experience, we offer versatile learning options, including online, offline, and self-paced formats.

Simpliaxis offers A-CSPO® Certification Training to help you advance your Agile product development skills. This is a great opportunity to take your Product Owner skills to the next level. Explore this chance to excel in your Agile journey.

# Advanced Certified Scrum Product Owner® (A-CSPO) Certification Course Overview

Take your certification career to the next level with A-CSPO® Certification Training. Demonstrate your commitment to Agile excellence and ongoing improvement. Simpliaxis' A-CSPO® course will help you become an expert in Scrum, advanced Agile techniques, and effective team leadership. Our training prepares you for the globally recognized A-CSPO designation from Scrum Alliance. As a trusted Scrum Alliance Registered Education Provider, we'll help you prove your Scrum and Agile implementation expertise.

## Key Features

- 16 Hours of Live Online Training Session
- Gain 16 PDUs & SEUs
- Get Trained by Certified Scrum Trainers (CSTs) approved by Scrum Alliance
- Earn Free 2-year Scrum Alliance Membership
- Attend CSP events with top leaders in Scrum and Agile
- Practical knowledge of Scrum tools and techniques

## Prerequisites

There are no prerequisites to attend the A-CSPO® training. But, to receive the A-CSPO® certification, candidates must hold an active CSPO® certification with Scrum Alliance and validate at least one year of work experience fulfilling the role and responsibilities of a Certified Scrum Product Owner.

## Course Benefits

### Validation of Crucial Skills:

The A-CSPO certification validates your skills as a Scrum Product Owner, pivotal in driving business success within an organization. This recognition acknowledges your expertise and boosts your confidence in your ability to steer projects effectively.

### Enhanced Project Delivery:

A-CSPO training equips you with the knowledge and techniques necessary to lead Scrum teams with precision. This proficiency leads to more successful project deliveries and contributes to the overall enhancement of business value within the organization.

### Global Recognition:

By obtaining the A-CSPO certification, you can distinguish yourself as an Agile and Scrum expert within the global Scrum community. This recognition opens doors for networking, collaboration, and career advancement on a global scale.

### Comprehensive Scrum Knowledge:

The A-CSPO certification is a testament to your in-depth understanding of Scrum processes, values, and techniques. It demonstrates your ability to apply Scrum principles effectively, which is invaluable in today's fast-paced business environment.

### Effective Team Collaboration and Management:

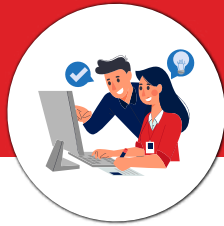

The A-CSPO course enhances your knowledge and hones your skills in effective team collaboration and management. You'll learn how to facilitate collaboration, prioritize work, and optimize team performance, essential attributes for any successful Scrum Product Owner.
