About Simpliaxis

Simpliaxis excels in delivering personalized corporate training solutions that cater to enterprise teams seeking to enhance their employees' job-specific skills. Our comprehensive programs, offered live virtual instruction-based training sessions, are led by certified trainers specializing in refining your learning journey. This empowers your teams to not only meet industry standards but surpass them.

We prioritize a hands-on approach that involves tool-based learning, guided instruction, progress tracking, and precise grading. Our strength lies in tailoring the curriculum to align with your team's and company's requirements. With a diverse pool of consultants boasting cross-industry experience, we offer versatile learning options, including online, offline, and self-paced formats.

Simpliaxis offers the Advanced Certified ScrumMaster® (A-CSM) course, designed for seasoned Certified ScrumMasters® (CSMs). This program enriches their Agile journey by deepening their Scrum and Agile expertise. It covers Scrum's core principles, Agile project management, and Lean practices. Participants become proficient in Agile coaching, facilitation, and optimizing the Scrum lifecycle and service delivery.

Advanced Certified ScrumMaster (A-CSM®) Certification Training Course Overview

A-CSM® (Advanced Certified ScrumMaster) course at Simpliaxis is designed for Agile professionals looking to boost their ScrumMaster capabilities. This advanced program equips you with the knowledge and tools to excel in Agile environments.

This comprehensive course goes beyond Scrum fundamentals. It covers advanced ScrumMaster techniques, leadership skills, and facilitation strategies. Participants will engage in interactive workshops, analyze real-world case studies, and receive expert guidance.

Key topics include scaling Scrum for large organizations, handling impediments at scale, and fostering cross-functional collaboration. By course completion, you'll be ready to lead Agile transformations, facilitate productive Scrum events, and drive continuous improvement within your organization.

Whether you're an experienced ScrumMaster seeking skill refinement or an Agile practitioner aspiring to leadership roles, the A-CSM® course empowers you to achieve better opportunities in today's business market.

Key Features

- Complete your 16 Hours of Live Instructor Online Session
- Earn 16 PDUs and 16 SEUs
- Experience with Real-World Case study and Activities
- Get Free E-learning Access to study material and reference guide
- Free 2-year Scrum Alliance Membership
- Comprehensive guidance and support throughout your certification journey

Prerequisites

There are no prerequisites to attend the A-CSM® training. But, to receive the A-CSM® certification candidates must hold an active CSM certification and validate at least one year of work experience fulfilling the role and responsibilities of a Scrum Master.

I always Like to attend Nanda...

I always Like to attend Nanda Lankalapalli's training methods. Throughout this course, you will learn both a lot of theory and a lot of practical information.
