Fantastic trainer and course! Highly recommend!

This course taken over a weekend was terrific. The instructor Aakash was super knowledgeable,the class was fun with breakout sessions in small groups, class participation and interactions were amazing and constant - it truly was a great experience and super cost effective! It was far less then many of the other possible choices and Checked for days before signing up! I Can't say enough about the quality of the company and my trainer. We received all the class notes and breakout exercises plus a review guide within two hours of the class end. Amazing experience overall! I will be back for the PMP and next year for the A courses!

Update - I easily passed the CSM® certification the next day.
