About Simpliaxis

Simpliaxis excels in delivering personalized corporate training solutions that cater to enterprise teams seeking to enhance their employees' job-specific skills. Our comprehensive programs, offered live virtual instruction-based training sessions, are led by certified trainers specializing in refining your learning journey.

This empowers your teams to not only meet industry standards but surpass them. We prioritize a hands-on approach that involves tool-based learning, guided instruction, progress tracking, and precise grading. Our strength lies in tailoring the curriculum to align with your team's and company's requirements. With a diverse pool of consultants boasting cross-industry experience, we offer versatile learning options, including online, offline, and self-paced formats.

Simpliaxis is a proud Professional Training Network (PTN) member, which further attests to the quality and authenticity of our PSM II certification training. Join us to explore the full potential of your Scrum Master career, enhance your leadership capabilities, and gain a competitive edge in the world of Scrum.

Course Benefits

Proof of Exceptional Scrum Mastery:

Achieving the PSM II certification is a testament to your extensive knowledge and superior skills as a Scrum Master. This certification showcases your ability to effectively lead Scrum teams, handle complex challenges, and improve Scrum implementations. It positions you as a true leader in the Scrum community.

Credibility and Recognition:

Upon completing the PSM II certification training, your name will be listed on Scrum.org, a highly reputable site in the Scrum industry. This listing validates your expertise and provides a platform for others to acknowledge your proficiency and credibility as a Scrum Master.

Official PSM II Badge:

Earning the PSM II certification grants you the use of the PSM II logo. This logo is a visible and recognizable symbol of your advanced Scrum knowledge. It can be prominently displayed on your professional profiles, resume, and correspondence, showcasing your commitment to excellence.

Career Advancement:

The PSM II certification is an industry-grade qualification that can significantly boost your professional growth. It opens up opportunities for career advancement, allowing you to take on more challenging roles and responsibilities within the Scrum framework. As a certified Scrum Master, you are better equipped to contribute to your organization's success.

Increased Salary and Recognition:

Certified PSM II professionals typically enjoy higher salary packages and better recognition than their non-certified counterparts. Your advanced skills and proven expertise in Scrum methodologies make you a valuable asset to your organization, leading to better compensation and more tremendous respect from peers and employers.
